To Whom It May Concern:

Automotive Representatives has been representing Fraen Corporation in the European automotive pointer market for nearly the past 10 years. With their invaluable assistance Fraen was able to gain access into this very difficult market.

AREL is driven by their very high standards of integrity, technical competence and professionalism. Through the many years of our business relationship they have gained our unequivocal trust.

I highly recommend them to anyone looking for superior technical and/or professional representation in Europe.

Should you have any questions please feel free to contact me.

Sincerely,

Kenneth Donahue
