November 10, 2008

To Whom It May Concern:

Automotive Representatives has been representing Signature Control Systems, Inc. for nearly five years. During this period of time, Automotive Representatives have been instrumental in opening up the European marketplace for our technology with great acumen.

I highly recommend them for anyone who needs European representation to find and access new markets or maintain and grow existing accounts especially for technical products.

Their professionalism, integrity and perseverance are excellent on all counts. Signature Control Systems would not have been able to undertake our international expansion without the guidance and support of AREL.

Should you have any questions, please feel free to contact me at anytime.

Sincerely,

Tom Trexler
VP Sales and Marketing
Signature Control Systems, Inc.
